(1) Excluding intragovernmental debt & short-term liabilities of the Central Bank to the IMF.

(2) Including intragovernmental debt & short-term liabilities of the Central Bank to the IMF.

(3) Provisional data

(4) Percentage change compared with the corresponding period of the previous year

(5) Since 1995, balance of payments statistics have been compiled on the basis of the BPM5 definition of residency

(6) As of 2008 there is a break in the series due to the new residency definition and new methodology.

(7) Source: Eurostat

(8) Other sources: CBC, Cystat, MOF.

(9) Break in series

(10) The reduction in reserves during 2008 was due to the fact that as from 1st January 2008 Cyprus joined the euro area and, consequently, all euro denominated reserves and all reserves in foreign currency but held with other euro area countries were excluded.

(11) Data are not available.

(12) Harmonised rate of unemployment (seasonally adjusted, not working day adjusted). Source: Eurostat.
